Washington 25, D. C. ,
U. S. A.

Ref: Grant AF-AFOSR-62-424

Dear Sir,

I beg to acknowledge receipt of copy of your letter dated 30th March, 1962, and according to the above reference, I wish to express that the Catholic University of Chile patronizes the research in "Human Brain Polypeptides" that Dr. Héctor Croxatto intends to undertake at the Center under his charge, in the Faculty of Medicine, and for which he has requested the aid of the Air Force Office of Scientific Research.

The University fully estimates the value and importance of these studies and is most willing to contribute to the indirect expenses that the realization of such a research programme requires. We are, therefore, deeply interested that the aid of the Air Force Office of Scientific Research will make these studies feasible.

I wish to convey to you and to the Air Force Office of Scientific Research our sincere gratitude for the interest with

./.

./.

which you have received the plans of Scientific Investigation in
which this University is positively engaged.

Thanking you for your kindness,

Yours sincerely,

ADAMIRO RAMIREZ GONZALEZ
Rector (S)
Pontificia Universidad Católica de Chile.
