

Santiago-Chile, July 18, 1962.

Dr. C. Kerr
President
University of California,
Berkeley, California,
U.S.A.

Dear President Kerr,

Our University has enjoyed the privilege of the visit of an outstanding Member of the University of California in the person of Professor C.H. Li, from the Hormone Research Division, who spent nearly two weeks with us delivering lectures, attending meetings, conducting seminars, and in general, sharing the problems and experiences of those who seek scientific truth in the same field as Professor Li does.

We are certain that it must have been a difficult decision to arrive at, in making it possible to spare Professor Li's invaluable services in order to visit our country, for which we are greatly indebted to you.

In recognition to Professor Li's outstanding achievements in the field of Science we granted him the degree of Doctor Honoris Causa.

We wish to express our gratitude to you and to the University of California for having afforded us the privilege of Professor Li's visit.

Sincerely yours,

†ALFREDO SILVA SANTIAGO
Rector
Catholic University of Chile.
